Nothing in this License shall be construed to prohibit Licensee from offering any service over its Cable System that is not prohibited by federal or state law.

(b) This Renewal License is granted under and in compliance with the Cable Act and M.G.L.c. 166A, and in compliance with all rules and regulations of the FCC and the Department in force and effect during the period for which this Renewal License is granted.

(c) Subject to the terms and conditions herein, the Issuing Authority hereby grants to Licensee the right to construct, upgrade, install, operate and maintain a Cable System within the Public Way.

SECTION 2.2 - TERM: NON-EXCLUSIVITY

The term of this non-exclusive Renewal License shall be for a period of ten (10) years and shall commence on October 25, 2022, following the expiration of the current license, and shall expire at midnight on October 24, 2032.

SECTION 2.3 - POLE AND CONDUIT ATTACHMENT RIGHTS

Pursuant to M.G.L.c. 166, §§22-25, permission is hereby granted to Licensee to attach or otherwise affix including, but not limited to cables, wire, or optical fibers comprising the Cable System to the existing poles and conduits on and under public streets and ways, provided Licensee secures the permission and consent of the public utility companies to affix the cables and/or wires to their pole and conduit facilities. SECTION 2.5 - RESERVATION OF AUTHORITY

Nothing in this Renewal License shall (A) abrogate the right of the Issuing Authority to perform any public works or public improvements of any description, (B) be construed as a waiver of any codes or bylaws/ordinances of general applicability and not specific to the Cable System, Licensee, or this License, or (C) be construed as a waiver or release of the rights of the Issuing Authority in and to the Public Ways. For purposes of this section, a home shall only be counted as a "dwelling unit" if such home is within two hundred fifty feet (250') of the nearest distribution pole line within the Public Way. Upon written request from the Town, Licensee shall conduct a survey to determine the number of dwelling units in the requested area and shall inform the Town of the survey results and applicable costs to extend Service to the area.

(b) Licensee shall make service available to multiple dwelling units (MDU) upon request and where economically feasible, provided that Licensee is able to obtain from the property owners any necessary easements, permits and agreements to provide Service to said MDU. Subject to the density requirement, Licensee shall upon request offer Cable Service to all new homes or previously unserved homes located within two hundred fifty feet (250') of Licensee's Trunk and Distribution System. (c) Installation costs shall conform with the Cable Act. Any dwelling unit within an aerial two hundred fifty feet (250') of the Trunk and Distribution System shall be entitled to a Standard Installation rate in accordance with applicable federal and state laws. Underground installs are considered non-standard installations. All non-standard installations shall be provided at a rate established by the Licensee in accordance with applicable federal and state laws.

(d) Subject to the provisions of this Article 3 and provided Licensee has at least ninety (90) days' prior written notice concerning the opening of residential subdivision trenching, or of the installation of conduit for the location of utilities, it may install its cable in such trenching or conduits or may seek permission to utilize alternative trenching or conduits within a comparable time frame. If a substantial quantity of cable is required for a large subdivision and said quantity is not in stock, Licensee shall be allowed additional time for said installation. The Issuing Authority, or its designee, shall exercise reasonable efforts to have the Planning Board and developers give timely written notice of trenching and underground construction to Licensee. Developer shall be responsible for the digging and back-filling of all trenches.

SECTION 3.2 - SUBSCRIBER NETWORK

Licensee shall maintain a Cable Television System, fully capable of providing Cable Service in accordance with applicable law, including FCC signal quality regulations.

PEG Access video return line maintenance costs may be passed through to subscribers in accordance with applicable state and federal law. Said interconnection shall continue to include automated switching capabilities.

SECTION 3.4 - PARENTAL CONTROL CAPABILITY

(a) Pursuant to applicable law, upon request, and at no separate, additional charge, Licensee shall provide Subscribers with the capability to control the reception of any channel on the Cable System.

(b) The Issuing Authority acknowledges that the parental control capability may be part of a converter box and Licensee may charge Subscriber for use of said converter box.

(b) The construction, maintenance and operation of the Cable System for which this Renewal License is granted shall be done in conformance with all applicable state and federal laws, bylaws/ordinances, codes and regulations of general applicability and the rules and regulations of the FCC as the same exist or as same may be hereafter changed or amended.

Whenever Licensee takes up or disturbs any pavement, sidewalk or other improvement of any public right of way or public place, the same shall be replaced and the surface restored in as good condition as possible as before entry as soon as practicable. If Licensee fails to make such restoration within a reasonable time, the Issuing Authority may fix a reasonable time for such restoration and repairs and shall notify Licensee in writing of the restoration and repairs required and the time fixed for the performance thereof. Upon failure of Licensee to comply within the time specified, the Issuing Authority may cause proper restoration and repairs to be made and the expense of such work shall be paid by Licensee upon written

demand by the Issuing Authority. Prior to such repair or restoration the Town shall submit a written estimate to Licensee of the actual cost of said repair or restoration.

SECTION 4.3 - CABLE LOCATION

(a) In all areas of the Town where all of the transmission and distribution facilities of all public or municipal utilities are installed underground, Licensee shall install its Cable System underground, provided that such facilities are actually capable of receiving the Licensee's cable and other equipment without technical degradation of the Cable System's signal quality.

(b) In all areas of the Town where public utility lines are aurally placed, if subsequently during the term of the Renewal License such public utility lines are required by the Issuing Authority or State to be relocated aurally or underground, Licensee shall similarly relocate its Cable System if it is given reasonable notice and access to the public and municipal utilities facilities at the time that such are placed underground. Any costs incurred by Licensee for relocating the Cable System shall be reimbursed to Licensee in the event public or private funds are raised for the project and made available to other users of the Public Way. If funds are not made available for reimbursement, Licensee reserves the right to pass through its costs to Subscribers.

(c) Nothing in this Section shall be construed to require Licensee to construct, operate, or maintain underground any ground-mounted appurtenances such as customer taps, line extenders, system passive devices, amplifiers, power supplies, pedestals, or other related equipment.

SECTION 4.4 - TREE TRIMMING

Subject to the conditions in section 4.1 (a), Licensee shall have authority to trim trees upon and overhanging public streets, alleys, sidewalks and ways and places of the Town to prevent the branches of such trees from coming in contact with the wires, cables and equipment of Licensee, in accordance with MGL c. 87 and any Town bylaws and regulations.

SECTION 4.5 – STRAND MAPS

Licensee shall maintain a complete set of strand maps of the Town, which will show those areas in which its facilities exist. Upon written request not more than once annually, Licensee will file with the Issuing Authority strand maps of the cable system plant installed. Upon written request, such strand maps will be provided in electronic format if they exist as such. Licensee will not be required to provide a particular type of electronic format different from that maintained by Licensee.

SECTION 4.6 - BUILDING MOVES

(a) In accordance with applicable laws, Licensee shall, upon the written request of any Person holding a building moving permit issued by the Town, temporarily raise or lower its wires to permit the moving of the building(s). Licensee shall be given not less than thirty (30) days' advance written notice to arrange for such temporary wire changes. The cost to raise or lower wires shall be borne by the Person(s) holding the building move permit.

(c) Licensee shall have the right to reimbursement of project costs under any applicable insurance or government program for reimbursement. All cable operators and public or municipal utility companies shall be treated alike if reimbursed for such costs by the Town. If funds are not reimbursed, Licensee reserves the right to pass its costs through to Subscribers to the extent permitted by the Cable Act.

(a) Use of a video channel for PEG Access Programming shall be provided in accordance with federal law, 47 U.S.C. 531, and as further set forth below. Licensee does not relinquish its ownership of or ultimate right of control over a channel by designating it for PEG use. A PEG Access User – whether an individual, educational or governmental user – acquires no property or other interest by virtue of the use of a channel so designated and may not rely on the continued use of a particular channel number, no matter how long the same channel may have been designated for such use. Licensee shall not exercise editorial control over any public, educational, or governmental use of a PEG Access Channel, except Licensee may refuse to transmit any Public Access program that contains obscenity, indecency, or nudity pursuant to Section 611 of the Cable Act. The Issuing Authority shall be responsible for developing, implementing, interpreting and enforcing rules for PEG Access Channel use which shall ensure that PEG Access Channel(s) and PEG Access equipment will be available on a first-come non-discriminatory basis.

(b) Licensee shall make available two (2) channels for PEG Access Programming purposes. A PEG Access Channel may not be used to cablecast for-profit, political or commercial fundraising programs in any fashion. Unused capacity may be utilized by Licensee subject to the provisions set forth in subsection (c) below.

(c) In the event the Issuing Authority or other PEG Access User elects not to fully program a PEG Access Channel(s) with original PEG Access Programming, Licensee may reclaim any unused time on those channels.

(d) Within twenty-four (24) months of the Effective Date of this Renewal License, the Licensee shall make available to the Town one (1) PEG Access Channel in High Definition (HD) format and shall have the ability to reclaim one (1) of the Standard Definition (SD) PEG Access Channels currently available

upon activation of the additional PEG Access HD Channel. The net result shall then be one (1) HD PEG Access Channel and one (1) SD PEG Access Channel, for a total of two (2) PEG Access Channels.

(e) The Town or Access Corporation shall be responsible for providing the HD PEG Access Channel's Signal in an HD digital format compatible with the Licensee's equipment in the Cable System to the demarcation point at the designated points of origination for the HD PEG Channels. The Town or Access Corporation shall be responsible for acquiring all equipment, other than transmission equipment to transmit the operator's Signal to Licensee's System necessary to produce programming in HD.

(f) The Town acknowledges that HD programming may require special viewer equipment and subscription to advanced services and that, by agreeing to make PEG Channels available in HD format, Licensee shall not be required to provide free HD equipment to Subscribers, or for municipal and educational Cable Service accounts, nor modify its equipment or pricing policies in any manner, except as otherwise expressly provided for in this Agreement. The Town acknowledges that not every Subscriber may be able to view HD PEG programming, nor on every TV in the home, and additional costs may be involved in the reception of HD programming.

(g) The Licensee may implement HD carriage of the PEG Access Channels in any manner (including selection of compression, utilization of IP, and other processing characteristics) that produces Signal quality from the perspective of the viewer that is equivalent to similar commercial HD channels carried on the Cable System.

SECTION 6.2 - PEG ACCESS PROVIDER

Beginning on the Effective Date, the Access Provider shall provide services to PEG Access Users and the Town as follows:

- (1) Schedule, operate and program the PEG Access channels provided in accordance with Section 6.3 below;

- (9) Accomplish such other tasks relating to the operation, scheduling and/or management of the PEG Access Channels, facilities and equipment as appropriate and necessary.

SECTION 6.3 - PEG ACCESS CABLECASTING

(a) In order that PEG Access Programming can be cablecast over Licensee's downstream PEG Access Channel, all PEG Access Programming shall be modulated, then transmitted from Mohawk Trail Regional High School, 25 Ashfield St, Shelburne Falls, Massachusetts to Licensee-owned headend or hub-site on a Licensee-owned upstream channel made available, without charge, to the Town for its use. At Licensee-owned headend, said PEG Access Programming shall be retransmitted in the downstream direction on one Licensee-owned Subscriber Network downstream PEG Access Channel.

(b) Licensee shall own, maintain, repair and/or replace any Licensee-owned headend or hub-site audio and/or video signal processing equipment. The Town and/or PEG Access Provider shall own, maintain, repair and/or replace studio equipment up to the demarcation point. The demarcation point shall be defined for purposes herein as the input to the Licensee owned encoder(s) at the PEG Access Studio currently located at Mohawk Trail Regional High School, 25 Ashfield Street, Shelburne Falls, Massachusetts.

SECTION 6.4 – PEG ACCESS SUPPORT

Licensee shall provide a Franchise Fee to the Issuing Authority, or its designee, for PEG Access purposes, equal to five percent (5%) of its Gross Annual Revenues, less applicable License Fees and assessments from any state or other governmental agencies. Said five percent (5%) Franchise Fee shall be made to the Issuing Authority, or its designee, on a quarterly basis. Quarterly thereafter, Licensee shall provide payments each February 15th, May 15th, August 15th and November 15th based on revenues from the previous calendar quarter. The final payment shall be made on November 15, 2032 for the period of July 1, 2032 through September 26, 2032.

SECTION 6.5 - PEG ACCESS EQUIPMENT/FACILITIES FUNDING

The Licensee shall provide funding to the Access Corporation in the total amount of Thirty Thousand Dollars (\$30,000) for PEG Access capital equipment/facilities purposes. The Licensee shall provide such funding on an annual basis, in ten (10) equal payments, in the amount of Three Thousand Dollars (\$3,000.00) payable on September 30th of each year of this Renewal License. The first such Three Thousand Dollars (\$3,000.00) annual payment shall be made within ninety (90) days of the execution of the License. The last such Three Thousand Dollars (\$3,000.00) annual payment shall be made on September 30, 2031.

SECTION 6.6 - PEG ACCESS EQUIPMENT OWNERSHIP

(a) The Access Corporation shall own all PEG Access equipment purchased with funding pursuant to Section 6.5. The Licensee shall have no obligation to maintain, insure, replace or repair any such PEG Access equipment.

(b) There shall be no charges to the Issuing Authority, the Town and/or the Access Corporation for said PEG access capital equipment/facilities costs. The Licensee reserves the right to pass through PEG Access capital equipment/facilities costs associated with this Renewal License to Subscribers in accordance with applicable law and regulations.

(c) Under no circumstances shall said equipment/facilities funding payments required herein be counted against (i) the annual PEG Access funding payable to the Access Corporation pursuant to Section 6.4 above; and/or (ii) the License Fees payable to the Town pursuant to Section 9.4 infra; and/or (iii) any other applicable State and/or FCC fees.

(d) In the event that the PEG Access capital Equipment/Facilities Funding payments herein required are not tendered on or before the dates fixed in paragraph (a) above, interest due on such fee shall accrue from the date due at the Prime Rate, on the last day of business of the prior month. Any such late payments to the Access Corporation pursuant to this Section 6.5(c) shall not be deemed to be part of the funding to be paid to the Access Corporation pursuant to this Section 6.5 and shall be within the exclusion to the term “franchise fee” for requirements incidental to enforcing the Renewal License pursuant to Section 622(g)(2)(D) of the Cable Act.

(e) All payments required hereunder in Sections 6.4 and 6.5 shall be made by the Licensee directly to the Access Corporation.

SECTION 6.7 - PROGRAMMING EXCLUSIVITY AND NON-COMPETITION

The Issuing Authority, or its designee, agrees that it will not use its designated PEG Access channel(s), equipment, or other facilities to provide for-profit commercial services which have the effect of competing with Licensee’s business. In addition, any Video Programming produced under the provisions of this Article 6 shall not be commercially distributed to a competing Multichannel Video Programming Distributor without the written consent of Licensee.

SECTION 6.8 – INTERCONNECTION WITH COMPETING CABLE LICENSEE

The License issued hereunder may, after due written notice and hearing per Section 9.7 (Notice and Opportunity to Cure), be revoked by the Issuing Authority or the Department for any of the following reasons:

- (a) For false or misleading statements in, or material omissions from, the application submitted under M.G.L.c. 166A, § 4;
- (b) For failure to file and maintain the performance bond as described in Section 9.3 (Performance Bond) or to maintain insurance as described in Section 9.2 (Insurance);

If the Issuing Authority has reason to believe that Licensee has defaulted in the performance of any or several material provisions of this Renewal License, except as excused by Force Majeure, the Issuing Authority shall notify Licensee in writing, by certified mail, of the material provision or provisions which the Issuing Authority believes may have been in default and the details relating thereto. Licensee shall have thirty (30) days from the receipt of such notice to:

(a) respond to the Issuing Authority in writing, contesting the Issuing Authority's assertion of default and providing such information or documentation as may be necessary to support Licensee's position; or

SECTION 9.8 _ LIQUIDATED DAMAGES

(a) For the violation of any of the following material provisions of this Renewal License, liquidated damages shall be paid by the Licensee to the Town, subject to Section 9.7 (Notice and Opportunity to Cure) above. Any such liquidated damages shall be assessed as of the date that the Licensee receives written notice, by certified mail, pursuant to Section 9.7 (Notice and Opportunity to Cure) above, of the provision(s) which the Issuing Authority believes to be in default, unless cured pursuant to Section 9.7 (Notice and Opportunity to Cure) above.

- (1) For failure to request the advance, written approval of the Issuing Authority for any transfer of the Renewal License in accordance with Section 9.9 (Transfer or Assignment) herein, One Hundred and Fifty Dollars (\$150.00) per day, for each day that such non-compliance continues;

If such removal is not completed within six (6) months of such termination, the Issuing Authority or property owner may deem any property not removed as having been abandoned. Notwithstanding the above, Licensee shall not be required to remove its Cable System, or to relocate the Cable System, or to sell the Cable System, or any portion thereof as a result of termination, denial of renewal, or any other lawful action to forbid or disallow Licensee from providing Cable Service, if the Cable System is actively being used to facilitate any other services not governed by the Cable Act.

SECTION 9.11- INCORPORATION BY REFERENCE

(a) All presently and hereafter applicable conditions and requirements of federal, state and generally applicable local laws, including but not limited to M.G.L.c. 166A, and the rules and regulations of the FCC and the Department, as they may be amended from time to time, are incorporated herein by reference, to the extent not enumerated herein. However, no such generally applicable local laws, rules, regulations and codes, as amended, may alter the obligations, interpretation and performance of this Renewal License to the extent that any provision of this Renewal License conflicts with or is inconsistent with such generally applicable local laws, rules or regulations.

(b) Should the State, the federal government or the FCC require Licensee to perform or refrain from performing any act the performance or non-performance of which is inconsistent with any provisions

herein, the Issuing Authority and Licensee will thereupon, if they determine that a material provision herein is affected, modify any of the provisions herein to reflect such government action.

SECTION 9.12 - NO THIRD-PARTY BENEFICIARIES

Nothing in this Renewal License is intended to confer third-party beneficiary status on any member of the public to enforce the terms of this Renewal License.
